

SECURITY AND PAYMENT TERMS

Meadow Quality provides 100% security on returns for our members. A comprehensive credit insurance policy is carried giving 90% cover with the balance supported by the members' reserves. The substantial members' reserve fund is in place to be used by Meadow Quality for the benefit of its members.

Our efficient service provides producers with quick payments, financial security, transparent transactions and competitive rates. Producers are paid for their pigs typically within 14 - 17 actual days, not working days, after slaughter by BACS preferably, this being a transfer of money from Meadow Quality directly into the producer's bank account.
